We established “BBQ on Wheels” and “Party Time Caterers” in 1982 with the belief that quality and quantity are of equal importance. Today, we continue to stand behind our original beliefs.

All of our salads are homemade and prepared just for your party. We start with the finest ingredients and freshest produce. We feel this makes our salads better tasting than the ones that come in a carton, which have additives to keep them fresh.

Not only do we believe in the quality of our salads, all of our meats are fresh. Our family has been in the meat business since 1880. We make our own polish sausage, italian sausage, and bratwurst and we make our hamburgers out of fresh ground beef.

Quality is not the only thing we strive for when we cater you party, we don't want anyone to leave hungry. We supply at least 2/3 pound of meat and a minimum of 3 oz. of each salad per person.

Let us cater your special day with the quality and quantity you deserve and the service you desire.

TIPPING: We do NOT add a gratuity to your bill, as most caterers do. We leave the amount you would like to add at your discretion.

The average amount of a tip for a cooked on site party is 10%. Drop-offs average \$20. If you feel your service was above or below average please tip accordingly, and of course if your service was below average PLEASE call us to let us know how our staff performed.

Here are some helpful questions to ask when you are looking for a caterer for your party:

| Q: What does the price you give me include | A: Our price includes the chef, food, custom grill, and the charcoal needed to do the cooking. All we add is 7 1/2% sales tax to the total bill. Gratuity for personnel is greatly appreciated. Just relax and let us do all the work! |
